

## Your 2021 Impact

Thank you for your generosity last year. Your donations helped provide personalized, restorative care to 584 survivors of human trafficking in the Philippines and Uganda. We witnessed incredible impact last year as Willow International and 10ThousandWindows came together as EverFree. Thirty traffickers were convicted Uganda with EverFree's support. More than 200 survivors and their dependents received education support and scholarships, and 39 survivors in the Philippines secured safe, sustainable jobs!

None of this is possible without you. You have been instrumental in bringing EverFree's vision to life. On behalf of our entire team and the survivors we serve, thank you for your compassion and action.

It is a privilege to be on this journey with you as **we work together to free communities from human trafficking and ensure every survivor has the care, opportunity, and support to flourish in their freedom—forever.**

# Birungi's story

**When Birungi accepted a job offer in India, she believed it would change her family's future for the better.**

But when Birungi arrived in India, her hopes and dreams were shattered. She was taken to a dark and dingy apartment where she and other young women were forced to service the men who came during the night. When Birungi tried to defend herself, she was brutally beaten and sexually assaulted. This carried on for a month until the local police were alerted. They removed the women from the apartment, arrested the trafficker, and helped Birungi return home.

When Birungi landed in Uganda, she was immediately welcomed into EverFree's care. She was deeply traumatized and suffered from depression. At EverFree, Birungi received medical care, intensive psychosocial support and financial services. And after months of dedicated support, she is stable and preparing to open a small shop that will provide for herself and her children.

**"I have a second chance to live."**

— Birungi, sex trafficking survivor
